

About us

Claret Medical was recently acquired by Boston Scientific! As a global medical technology leader for more than 35 years, our mission at Boston Scientific (NYSE: BSX) is to transform lives through innovative medical solutions that improve the health of patients. If you're looking to truly make a difference to people both around the world and around the corner, there's no better place to make it happen.

PRODUCT BUILDER, MANUFACTURING – SANTA ROSA, CA

OVERVIEW OF POSITION:

Responsible for processing and assembling high quality medical devices while minimizing scrap. We currently have open positions for SWING SHIFT, 2-10:30PM in Santa Rosa, California.

DUTIES AND RESPONSIBILITIES:

- Process and assemble medical devices in accordance with approved manufacturing procedures in a cleanroom.
- Perform in-process quality checks on sub-assemblies and finished product.
- Utilize small hand tools, calibrated instruments, measurement equipment, microscopes, and test fixtures.
- Maintain accurate records/documentation related to quality, work in progress, test results, labor (e.g. timecards), and special projects.
- Adhere to general safety rules, manufacturing procedures, company policies and procedures, Good Manufacturing Practices, and FDA regulations.
- Perform inspections according to well defined criteria using standard physical, mechanical, and/or electrical measurements.
- Accurately document the results of inspections and testing. Maintain all controlled document files and test records in a timely and accurate manner.
- Monitor critical equipment and instrumentation to ensure proper operation and calibration.

OTHER NECESSARY QUALIFICATIONS:

- Must have a high level of hand-eye coordination and manual dexterity to work with small plastic and metal components in a high-volume manufacturing setting.
- Ability to read, write, and comprehend English.
- Ability to utilize basic math skills.

Boston Scientific/Claret Medical is an Equal Opportunity Employer – Race, Color, Religion, Sex, Sexual Orientation, Gender Identity, National Origin, Disability, Veteran
